### Program Requirements and Limitations

To receive a rebate, representatives of Lincoln County Power District No. 1 must inspect the installation and verify that the high efficiency air conditioning unit or air source heat pump is connected and operational. Applications for rebates will be reviewed and approved on the basis of the order in which eligible applications are received. The number of rebates to be issued each year is subject to the program budget limitation set by Lincoln County Power District No. 1. Applications received after funding limits have been reached shall be retained for consideration in the following year.

(Customer should not write below this line)

## Lincoln County Power District No. 1 Application Evaluation

### Determine Rebate Qualification: (issue no more than one rebate per year to a customer)

Central Air Conditioner SEER Rating  $\geq 15.0$ :  Yes     No    If No, notify customer not eligible for rebate

Air Source Heat Pump SEER Rating  $\geq 15.0$ :  Yes     No    If No, notify customer not eligible for rebate

Window/Room Air Conditioner EER Rating  $\geq 10.5$ :  Yes     No    If No, notify customer not eligible for rebate

### Calculate Rebate Amount: (to convert BTUs per hour to tons, divide unit rated BTUs per hour by 12,000 BTUH)

Central Air Conditioner: \_\_\_\_\_ Tons x \$135/Ton = \$ \_\_\_\_\_ rebate, not to exceed \$500.00

Air Source Heat Pump Cooling: \_\_\_\_\_ Tons x \$135/Ton = \$ \_\_\_\_\_ rebate, not to exceed \$500.00

Window/Room Air Conditioner: \_\_\_\_\_ Tons x \$30/Ton = \$ \_\_\_\_\_ rebate, not to exceed \$200.00

### Inspect Unit:

Unit Operational:  Yes     No    Date Inspected: \_\_\_\_\_ Inspected By: \_\_\_\_\_

### Rebate Authorization:

Budget Limit Exceeded (\$5,000):  Yes     No    Rebate Approved By: \_\_\_\_\_ Date Approved: \_\_\_\_\_  
(hold)    (approve)
